

BREAKTHROUGHS IN OPHTHALMOLOGY

Saturday, September 24, 2016

Hyatt Regency Hotel
Bloomington, MN 55425
8:00 a.m. – 1:30 p.m.

CONFERENCE CO-CHAIRS:

D. Wilkin Parke, III MD

Amanda C. Maltry, MD

PHILLIPS EYE INSTITUTE

The Upper Midwest's Only Eye Specialty Hospital

The Phillips Eye Institute, part of Allina Health, integrates the latest diagnostic, treatment and surgical technologies, a staff dedicated solely to ophthalmic care, and the expertise of affiliated ophthalmologists. This exceptional team ensures that patients receive compassionate and quality eye care – all within a single hospital committed to preserving, protecting, and restoring vision.

BREAKTHROUGHS IN OPHTHALMOLOGY

BREAKTHROUGHS IN OPHTHALMOLOGY

CONFERENCE OVERVIEW AND OBJECTIVES

The conference is intended to update comprehensive and subspecialty ophthalmologists, fellows, residents, nurses, ophthalmic techs and other eye care professionals.

Renowned, engaging national speakers will discuss the latest advances in medical and surgical glaucoma, ptosis repair, treatment of epiphora, retinal imaging, approach to intraocular tumors, and gene therapy for inherited retinal disease. While the focus is on "Breakthroughs in Ophthalmology," each segment will also feature practical advice that can be applied to the attendee's practice today.

Upon completion of the program, the participant should be able to:

- Become knowledgeable in newly available and upcoming medical and surgical therapies for glaucoma.
- Better utilize OCT in the management of glaucoma.
- Appropriately assess and treat the aging eye lid and eye brow.
- Understand the types of ptosis surgery.
- Evaluate and diagnose the tearing patient.
- Apply the principals of the new field of OCT angiography in retinal disease.
- Learn the latest updates in gene therapy for inherited retinal disorders.
- Understand the surgical approach to management of intraocular tumors.
- Understand how OCT angiography is used in age-related macular degeneration.

CONFERENCE CO-CHAIRS

Amanda C. Maltry, MD

Attending Physician

BREAKTHROUGHS IN OPHTHALMOLOGY

September 24, 2016

AGENDA

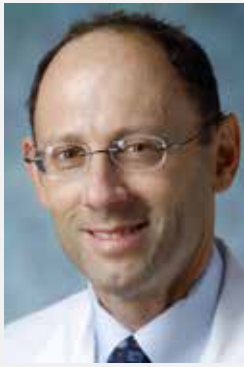

7:30 a.m.	REGISTRATION - CONTINENTAL BREAKFAST - EXHIBITS	
8:00 a.m.	Welcome & Introductions	D. Wilkin Parke, MD Amanda Maltry, MD
8:10 a.m.	Evolution of Ptosis Surgery: Is Posterior Ptosis Surgery for You?	Jeffrey A. Nerad, MD
8:40 a.m.	OCT Angiography	David J. Wilson, MD
9:05 a.m.	Looking to the Future: Medical Therapy for Glaucoma	Henry D. Jampel, MD
9:30 a.m.	The Role of Brow Ptosis in Repair of "Droopy" Eyelids	Jeffrey A. Nerad, MD
10:00 a.m.	Gene and Cell Based Therapy for Retinal Disease	David J. Wilson, MD
10:25 a.m.	Panel Discussion / Question & Answer	

10:35 p.m.	BREAK - BRUNCH - EXHIBITS	
11:25 a.m.	Looking to the Future: Surgical Therapy for Glaucoma	Henry D. Jampel, MD
11:50 a.m.	Tearing Eye? Management of Adult Nasolacrimal Duct Obstruction	Jeffrey A. Nerad, MD
12:20 p.m.	Surgical Ocular Oncology	David J. Wilson, MD
12:45 p.m.	Optical Coherence Tomography in the Diagnosis and Management of Glaucoma	Henry D. Jampel, MD
1:10 p.m.	Panel Discussion / Question & Answer	
1:30 p.m.	ADJOURNMENT	

BREAKTHROUGHS IN OPHTHALMOLOGY

GUEST SPEAKERS:

Henry D. Jampel, MD, Johns Hopkins — Wilmer Eye Institute

Dr. Henry D. Jampel is the Odd Fellows Professor of Ophthalmology at the Wilmer Eye Institute. He specializes in glaucoma and serves as the Medical Director of Wilmer's Green Spring Station location. His research interests include evaluation of medical vs. surgical treatment of glaucoma in newly diagnosed patients and imaging devices for the detection of glaucoma and its progression.

Dr. Jampel received his MD degree from Yale University School of Medicine. He completed an internship in internal medicine at Sinai Hospital and his residency in ophthalmology at the Wilmer Eye Institute. After completing a glaucoma fellowship at Wilmer Eye Institute, Dr. Jampel joined the faculty in 1988. Dr. Jampel went back to school as an Associate Professor and obtained a Master's degree in Health Finance and Management in 1996.

Dr. Jampel's research career has encompassed both laboratory and clinical research. He was a principal investigator on the Collaborative Initial Glaucoma Treatment Study which was a multi-center study comparing medical and surgical treatment for glaucoma in newly diagnosed patients. He was also an investigator in the Ocular Hypertension Treatment Study.

Jampel's interests in ophthalmology are broad and his service to the field considerable. Since 2003, he has been the Deputy Editor-in-Chief of Ophthalmology. He chairs the American Academy of Ophthalmology's Ophthalmic Technology Assessment Panel, which evaluates the role of devices in the diagnosis and management of glaucoma.

Jeffrey A. Nerad, MD, Cincinnati Eye Institute

Dr. Jeffrey A. Nerad specializes in Ophthalmic Plastic and Reconstructive Surgery. He performs a wide variety of operations for drooping eyelids, watery eyes, and eye socket problems, including thyroid eye disease. He is considered an international expert in treating orbital diseases and has lectured in more than 40 countries across the globe.

Dr. Nerad joined the Cincinnati Eye Institute in 2009. Prior to this, he held the position of Professor of Ophthalmology & Otolaryngology at the University of Iowa in Iowa City, Iowa for over 20 years. At the University, he was the Director of the Oculoplastic and Orbital Surgery Service.

He attended the University of California for undergraduate training and completed medical school and residency training at Saint Louis

University. Dr. Nerad did fellowship training at Moorfields Eye Hospital in London and at the University of Iowa.

Dr. Nerad is a Fellow of the American Academy of Ophthalmology and a member of the American and European Societies of Oculoplastic and Reconstructive Surgery, the American Academy of Facial Plastic Surgeons, and the prestigious Orbital Society. Dr. Nerad served on the board of directors of the American Society of Ophthalmic Plastic and Reconstructive Surgery for 5 years and was president of the society in 2010. He serves on the editorial boards of several professional journals and has authored and coauthored several textbooks. His latest textbook, "Techniques in Ophthalmic Plastic Surgery" was released in 2010. A new edition will be available in 2017.

David J. Wilson, MD, Oregon Health & Science University — Casey Eye Institute

Dr. David J. Wilson is Chair of the Department of Ophthalmology, Director of the Casey Eye Institute, and Thiele-Petti Chair in Ophthalmology in the School of Medicine at Oregon Health & Science University. He assumed the Chairmanship of Ophthalmology in 2005. Before becoming Chair, he served as Program Director of the Department of Ophthalmology Residency Program and the Retina Fellowship Program. He is director of the Christensen Eye Pathology Laboratory at Casey Eye Institute. As Department Chair, Dr. Wilson provides the institutional leadership and the clinical and academic experience necessary to continue building a program of national prominence.

Dr. Wilson received his bachelor's degree in chemistry at Stanford University (Phi Beta Kappa) and his medical degree from Baylor College of Medicine (Alpha Omega Alpha) and completed his residency in

ophthalmology at Oregon Health and Science University. He completed a research and a postdoctoral fellowship at the Wilmer Eye Institute, Johns Hopkins University, and a postdoctoral fellowship at Ophthalmic Consultants in Boston.

Dr. Wilson's special area of interest is clinical trials for inherited retinal diseases. He is Director of the Casey Reading Center, which was specifically designed to conduct clinical trials on new therapies for inherited eye disease.

His other areas of interest include eye pathology, clinicopathologic correlation of ocular disease, macular degeneration, surgery, and ocular oncology. He enjoys working with a team of other dedicated health professionals to care for patients with these uncommon conditions.

BREAKTHROUGHS IN OPHTHALMOLOGY

ACCREDITATION:

Physician

Allina Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Allina Health designates this live activity for a maximum of 4.5 AMA PRA Category 1 Credits.™ Physicians should claim only credit commensurate with the extent of their participation in the activity.

Nurse

This activity has been designed to meet the Minnesota Board of Nursing continuing education requirements for 5.4 hours of credit. However, the nurse is responsible for determining whether this activity meets the requirements for acceptable continuing education.

Please Note: Continuing medical education credits (ACCME) are accepted by the American Nurses Credentialing Center's Commission on Accreditation (ANCC) for certification renewal if the content is applicable to the area of certification. Continuing education hours approved by the ACCME meet the ANCC-accredited continuing nursing education (CNE) criteria.

Other

Individuals representing other professional disciplines may submit course materials and the Evidence of Attendance to their respective professional associations for continuing education credit.

REGISTRATION FEE:

The registration fee includes continuing education credit, course registration, course materials, breakfast and brunch.

LOCATION & PARKING:

Hyatt Regency Hotel
3200 E 81st St, Bloomington, MN 55425
Phone: (952) 922-1234
Complimentary parking in hotel parking lot.

CANCELLATION POLICY

Tuition is refundable (less a 25 percent handling fee) if cancellation is received in writing by **Saturday, September 17**. No refunds are available after that date.

ACCOMMODATIONS:

The new Hyatt Regency Hotel is one mile from the Mall of America and within a 2-minute walk to the Bloomington Central light rail system. It offers free shuttle to local malls and the Minneapolis/St. Paul airport. Rooms may be reserved at the discounted price of \$129 by contacting the Hyatt Regency Hotel directly at 1-952-922-1234 or 1-800-233-1234. Indicate that you are reserving a room for the Phillips Eye Institute room block. The final day to make your reservations for this group is September 16, 2016.

DISCLOSURE POLICY:

It is the policy of Allina Health Learning & Development to provide balance, independence, objectivity and scientific rigor in all its sponsored educational activities. All faculty and planning committee members participating in sponsored activities and/or their spouses or partners are required to disclose to the conference audience any real or apparent conflict(s) of interest related to the content of this activity.

SPECIAL NEEDS

The sponsors of this conference are fully committed to accommodating the special needs of participants and will do everything possible for requests called in at least seven days in advance of the start date to Marsha Bell at 612-775-8945. Accommodations or special needs requests after that timeframe cannot be guaranteed.
